INDEPENDENT AUDITORS' REPORT

To the Board of Directors
NC State Engineering Foundation, Inc.

We have audited the accompanying financial statements of NC State Engineering Foundation, Inc. (the "Foundation"), which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NC State Engineering Foundation, Inc., as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Restatement of 2020 Financial Statements

As discussed in Note 13 to the financial statements, during the year ended June 30, 2021, it was discovered that previously reported net assets without donor restrictions and net investment income without donor restrictions were overstated as of and for the year ended June 30, 2020. Accordingly, amounts reported for net assets without donor restrictions and net investment income without donor restrictions have been restated in the 2020 financial statements now presented, and adjustments have been made to net assets as of June 30, 2020, to correct the overstatement. Our opinion is not modified with respect to that matter.

Disclaimer of Opinion on Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements as a whole. The supplementary information on pages 21 through 23, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information marked “unaudited” has not been subjected to the auditing procedures applied in the audits of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

NC State Engineering Foundation, Inc.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

Note 1. Nature of Activities and Significant Accounting Policies

Nature of activities: The NC State Engineering Foundation, Inc., (the "Foundation") is one of a group of foundations which provide financial support exclusively to one or more of the colleges at North Carolina State University (the "University"). The Foundation, established in 1944, aids and promotes, by financial assistance and otherwise, education, research, and extension at the University's College of Engineering.

A summary of the Foundation's significant accounting policies follows:

Basis of accounting and presentation: The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. In preparing its financial statements, net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Without donor restrictions – Net assets that are not subject to donor-imposed stipulations.

With donor restrictions – Net assets subject to donor-imposed stipulations that are either to be maintained permanently by the Foundation or will be released either by actions of the Foundation and/or by the passage of time. Generally, the donors of these assets permit the Foundation to use all or part of the earnings on related investments for the donor-restricted purpose.

Cash and cash equivalents: For purposes of reporting cash flows, the Foundation considers all highly liquid instruments with an original maturity date of 90 days or less to be cash equivalents. Cash designated or restricted for long-term purposes is included with long-term investments. At times, the Foundation places deposits with a high quality financial institution that may be in excess of federal insurance limits.

Cash and cash equivalents consisted of accounts with the State Treasurer's Short Term Investment Fund (the "STIF"), and TowneBank. The STIF account maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

Intermediate investments: Intermediate investments consist of taxable municipal bonds and the NC State Investment Fund, Inc. Intermediate Term Fund (the "ITF"). These investments are reported at readily determinable fair values of \$10,330,701 and \$6,426,430 at June 30, 2021 and 2020, respectively. The cost of these investments was \$10,043,601 and \$6,313,094 as of June 30, 2021 and 2020, respectively.

Long-term investments: Long-term investments are stated at fair value based on readily determinable fair values, when available. Investments for which readily determinable fair values are not available are carried at estimated fair values as provided by the respective fund managers of the investments. The Foundation, in accordance with investment policies promulgated by its Board of Directors (the "Board"), invests with the NC State Investment Fund, Inc. Long-Term Investment Pool (the "LTIP"). In addition, the Foundation has planned giving instruments invested with TIAA Kaspick.

Pledges receivable, net: Unconditional pledges receivable are recognized as revenue and assets in the period received. Conditional pledges are recognized when the conditions on which they depend are substantially met.

Other assets: Other assets includes a beneficial interest in life insurance policies contributed to the Foundation and the Foundation is the owner of these policies. These gifts are recorded at current cash surrender values. The cash surrender value of these policies was \$44,801 and \$44,704 at June 30, 2021 and 2020, respectively. Other assets also includes accrued interest on municipal bonds.

NC State Engineering Foundation, Inc.

**Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020**

Note 1. Nature of Activities and Significant Accounting Policies (continued)

Accounts payable: Accounts payable includes amounts disbursed by the University on behalf of the Foundation for payment of various normal operating expenses of \$106,855 and \$82,057 as of June 30, 2021 and 2020, respectively.

Contributions: Restricted contributions are segregated for income and expense reporting purposes; however, the assets are commingled. When a donor or grantor restriction expires because the stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as net assets released from restrictions in the statement of activities.

The University has a gift assessment program that supports Central Development and college-level fundraising efforts. For the years ended June 30, 2021 and 2020, a one-time fee of 7% was assessed on gifts that support current operations and facilities, with 4% designated for Central Development and 3% designated to the fundraising entity receiving the gift.

Investment income: Investment income is allocated on the basis of average fund balances for net assets with and without donor restrictions. For endowments, investment income is allocated on the "unit value" method of valuing interest in an investment portfolio and the investment earnings are recorded as with or without donor restrictions, as appropriate. Earnings from investments are net of investment fees of approximately \$501,000 and \$485,000 for the years ended June 30, 2021 and 2020, respectively. Gains and losses on sales of investments are allocated on the unit value method. Investment income on investments owned individually by one fund is directly allocated to the owning fund.

As part of the University's gift assessment program, an annual fee is assessed on the average twenty-quarter market value of assets held in the endowment investment portfolio. For the years ended June 30, 2021 and 2020, the annual fee was 1.25%, with 0.65% designated for University Advancement and 0.60% designated to college-level fundraising efforts.

Estimates: The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes and uncertain tax positions: The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified as other than a private foundation. The Foundation had no significant unrelated trade or business income for 2021 and 2020. Therefore, no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the organization and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of June 30, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to tax year 2017.

NC State Engineering Foundation, Inc.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

Note 1. Nature of Activities and Significant Accounting Policies (continued)

Change in accounting principles: In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, Revenue from Contracts with Customers (“Topic 606”), which supersedes the revenue recognition requirements in Accounting Standards Codification (“ASC”) 605, Revenue Recognition. This ASU is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The ASU also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The effective date of ASU 2014-09 was amended by ASUs 2015-14 and 2020-05. Further ASUs (ASUs 2016-08, 2016-10) have been issued to clarify ASC Topic 606 for principal and agent considerations and performance obligations and licensing implementation guidance. The Foundation adopted ASU 2014-09 on July 1, 2020. The ASU has been applied retrospectively with no change in previously reported net assets. As part of such adoption, the new standard was applied only to those contracts which were not completed as of the date of adoption.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (“Topic 820”). The amendments in this ASU modify the disclosure requirements for fair value measurements. Selective disclosure requirements were removed from Topic 820 while other disclosure requirements were modified, and some disclosure requirements were added. Certain disclosures that are required by the amendments in this ASU are not required for nonpublic entities. The provisions of ASU 2018-13 became effective for the Foundation on July 1, 2020. The adoption of this standard did not have a material impact on the accompanying financial statements of the Foundation for the year ended June 30, 2021.

Reclassifications: Certain amounts in the 2020 financial statements have been reclassified to conform to the 2021 presentation with no effect on previously reported net assets.

Note 2. Endowment

The Foundation’s endowment consists of approximately 480 individual funds established for a variety of purposes related to the mission of the University. The endowment includes both donor-restricted endowments and funds designated by the Foundation Board to function as endowments. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The majority of the Foundation’s signed endowment gift agreements with donors have donor-imposed restrictions which stipulate that principal shall not be used to fund spending.

Interpretation of relevant law: The Uniform Prudent Management of Institutional Funds Act (“UPMIFA”) was adopted in North Carolina as NC General Statute 36E effective March 17, 2009. The Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets perpetual in nature (a) the original value of initial and subsequent gifts donated to the endowment and (b) any accumulations to the endowment that are required by the applicable donor gift instrument. The remaining portion of the donor-restricted endowment funds that is not classified in net assets perpetual in nature is classified as purpose restricted net assets until those amounts are appropriated for expenditure by the Foundation’s endowment spending policy.

NC State Engineering Foundation, Inc.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

Note 2. Endowment (continued)

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original gift value (underwater endowments). These deficiencies generally result from either spending of corpus in accordance with the gift agreement or unfavorable market fluctuations which produce unrealized losses to the fund. The Foundation has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. Deficiencies of this nature are reported in net assets with donor restrictions and were \$0 and (\$46,749) as of June 30, 2021 and 2020, respectively.

Investment return objectives and risk parameters: The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a stable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for donor-specified periods as well as board-designated funds. The endowment assets are invested through the LTIP in a manner that is intended to produce results that exceed a 70% MSCI/ACWI Index/30% Barclays Aggregate Bond Index benchmark over rolling five and ten year periods while assuming a moderate level of investment risk.

Spending policy: The Foundation has a policy of appropriating for programmatic spending each year 4% of its endowment fund's average market value over the prior twenty quarters through the fiscal year-end preceding the fiscal year in which the spending is planned. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. However, in declining market conditions endowments may not be able to fund spending at the 4% level. Unless the gift instrument specifies otherwise, it is the Foundation's policy to allow up to 15% of the corpus of an endowment to be expended if reserves are not sufficient to fund the programmatic spending amount, subject to the guidelines provided by UPMIFA. However, if the gift instrument does not allow spending of corpus, the Foundation does not initiate or renew spending for the individual endowments affected by declining market conditions until their market value has been recovered and exceeds their original gift value. In establishing the spending policy, the Foundation considered the long-term expected return on its endowments. Spending budgets were calculated at \$2,938,980 and \$3,222,155 for fiscal years 2021 and 2022, respectively.

Strategies employed for achieving investment objectives: For the long term, the primary investment objective is to earn a total return (net of investment and custodial fees), within prudent levels of risk, which is sufficient to maintain in real terms the purchasing power of the LTIP and to meet the spending needs of the University. To meet this investment objective, the LTIP invests in various asset classes to offer diversification. The purpose of diversification is to provide reasonable assurance that no single security or class of securities or manager will have a disproportionate impact on the performance of the total fund.

The LTIP is diversified both by asset class (e.g. common stocks and fixed income securities) and within asset classes (e.g., within common stocks by economic sector, geographic area, industry, quality, and size). In addition, the LTIP seeks to diversify exposure to all asset classes through the use of multiple managers that use a variety of investment approaches.

The following represents changes in endowment net assets for the fiscal year ended June 30, 2020:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment net assets, beginning of year	\$ 3,168,547	\$ 86,838,483	\$ 90,007,030
Total investment return	130,883	1,599,302	1,730,185
Contributions, including change in accrued pledges and other income	-	6,242,586	6,242,586
Appropriations of endowment assets for expenditure	(240,416)	(3,634,599)	(3,875,015)
Change in value of split interest agreements	-	10,542	10,542
Other changes:			
Transfers	20,000	524,742	544,742
Endowment net assets, end of year	<u>\$ 3,079,014</u>	<u>\$ 91,581,056</u>	<u>\$ 94,660,070</u>

NC State Engineering Foundation, Inc.

**Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020**

Note 2. Endowment (continued)

The following represents endowment net asset composition by type of fund, as of June 30, 2020:

	Without Donor Restrictions	With Donor Restrictions	Total
Board-designated endowment funds	\$ 3,079,014	\$ -	\$ 3,079,014
Donor-designated endowment funds			
Corpus	-	60,850,607	60,850,607
Appreciation	-	30,777,198	30,777,198
Underwater endowments	-	(46,749)	(46,749)
Total funds	<u>\$ 3,079,014</u>	<u>\$ 91,581,056</u>	<u>\$ 94,660,070</u>

Note 3. Long-Term Investments

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Long-term investments consisted of the following at June 30:

	2021		2020	
	Cost	Fair Value	Cost	Fair Value
STIF	\$ 81,056	\$ 81,056	\$ 138,360	\$ 138,360
NC State Investment Fund, Inc. Long-Term Investment Pool (LTIP)	55,893,100	130,725,170	53,895,553	93,548,523
Life Income Funds	1,595,244	1,923,852	1,503,874	1,509,744
	<u>\$ 57,569,400</u>	<u>\$ 132,730,078</u>	<u>\$ 55,537,787</u>	<u>\$ 95,196,627</u>

Note 4. Fair Value Measurement

The Fair Value Measurements and Disclosures Topic of FASB ASC 820 provides a framework for measuring fair value under generally accepted accounting principles. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

NC State Engineering Foundation, Inc.

**Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020**

Note 4. Fair Value Measurement (continued)

The fair value hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 – Valuations based on quoted prices in active markets for identical investments

Level 2 – Valuations based on quoted prices in inactive markets or for which all significant inputs are observable (including quoted prices for similar investments, interest rates, credit risks, etc.)

Level 3 – Valuations based on significant unobservable inputs (including the fund's own assumptions in determining the fair value of investments)

The Foundation's assets itemized below are measured at fair value on a recurring basis as of June 30:

	2021			
	Level 1	Level 2	Level 3	Total Fair Value
STIF	\$ 81,056	\$ -	\$ -	\$ 81,056
Municipal Bonds	-	1,780,646	-	1,780,646
NC State Investment Fund, Inc. Intermediate Term Fund (ITF)	-	-	8,550,055	8,550,055
NC State Investment Fund, Inc. Long-Term Investment Pool (LTIP)	-	-	130,725,170	130,725,170
Life Income Funds	-	1,923,852	-	1,923,852
Beneficial Interest in Life Insurance Policies	-	-	44,801	44,801
	\$ 81,056	\$ 3,704,498	\$ 139,320,026	\$ 143,105,580

	2020			
	Level 1	Level 2	Level 3	Total Fair Value
STIF	\$ 138,360	\$ -	\$ -	\$ 138,360
Municipal Bonds	-	2,148,460	-	2,148,460
NC State Investment Fund, Inc. Intermediate Term Fund (ITF)	-	4,277,970	-	4,277,970
NC State Investment Fund, Inc. Long-Term Investment Pool (LTIP)	-	-	93,548,523	93,548,523
Life Income Funds	-	1,509,744	-	1,509,744
Beneficial Interest in Life Insurance Policies	-	-	44,704	44,704
	\$ 138,360	\$ 7,936,174	\$ 93,593,227	\$ 101,667,761

NC State Engineering Foundation, Inc.

**Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020**

Note 4. Fair Value Measurement (continued)

The following is a reconciliation of the assets measured at fair value on a recurring basis in which significant unobservable inputs (Level 3) were used in determining value for the years ended June 30:

	2021			2020	
	NC State	NC State	Beneficial	NC State	Beneficial
	Investment Fund, Inc. ITF	Investment Fund, Inc. LTIP	Interest in Life Insurance Policies	Investment Fund, Inc. LTIP	Interest in Life Insurance Policies
Beginning balance	\$ -	\$ 93,548,523	\$ 44,704	\$ 88,852,115	\$ 44,452
Transfer into Level 3	4,277,970	-	-	-	-
Participant additions	4,000,000	4,325,311	-	6,775,000	-
Investment income	160,207	60,561	-	79,665	-
Realized gains	16,317	2,302,474	-	1,920,303	-
Unrealized appreciation	175,709	35,179,100	97	259,570	252
Participant withdrawals	(72,552)	(4,197,495)	-	(3,861,015)	-
Expenses	(7,596)	(493,304)	-	(477,115)	-
Ending balance	\$ 8,550,055	\$ 130,725,170	\$ 44,801	\$ 93,548,523	\$ 44,704

Following is a description of the valuation methodologies used for assets measured at fair value:

STIF – This investment has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

Municipal Bonds – Valued by the custodian using a computerized pricing service or, for less actively traded issues, using a yield-based matrix system.

NC State Investment Fund, Inc. Intermediate Term Fund (“ITF”) – This investment is a combination of publicly traded mutual funds valued at quoted market prices and an investment in the LTIP, valued as described below. The fair value classification of the ITF was transferred from Level 2 to Level 3 during the year ended June 30, 2021 due to an investment in the LTIP, which is valued using significant unobservable inputs.

NC State Investment Fund, Inc. Long-Term Investment Pool (“LTIP”) – The LTIP’s investment with UNC Management Company is valued using the net asset value per share of the fund provided by the fund manager. The LTIP’s private equity investments are initially valued based on transaction price with subsequent valuation adjustments based on trading multiples of comparable public companies adjusted for differences in factors such as liquidity. The LTIP’s investment in a Blackrock Liquid Policy Portfolio (“LPP”) is valued at the closing price of the exchange-traded fund’s shares. The LTIP also has an investment in the STIF, valued as described above.

Life Income Funds – These investments are a combination of exchange-traded equity and fixed income securities valued at quoted market prices.

Beneficial Interest in Life Insurance Policies – Valued based on cash surrender value of the policies. Because these values are based on significant unobservable inputs, they are categorized in Level 3 of the fair value hierarchy.

You can find additional information regarding the LTIP and the ITF on the Foundations Accounting and Investments homepage at <https://foundationsaccounting.ofa.ncsu.edu/>.

NC State Engineering Foundation, Inc.

**Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020**

Note 5. Financial Assets and Liquidity Resources

The Foundation's endowment funds consist of donor-designated endowments and board-designated endowments. Income from most donor-designated endowments is restricted for specific purposes and, therefore, is not available for general expenditures. As part of the Foundation's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The LTIP is responsible for managing liquidity in a manner that balances the short-term liquidity needs with the fund's longer-term return objectives. However, both the board-designated endowments and donor-designated endowments contain investments with redemption provisions that could impact the availability of funds. In addition, the Foundation invests cash in excess of daily requirements in short-term investments and money market funds.

The Foundation has board-designated endowments of approximately \$5.39 million. Although the Foundation does not intend to spend from these board-designated endowments, other than amounts appropriated for general expenditure as part of the Board's annual budget approval and appropriation process, amounts could be made available if necessary. As described in Note 1, 0.60% of the annual endowment assessment fee is designated to college-level fundraising efforts. Approximately \$468,000 of endowment assessments will be available within the next 12 months. As described in Note 2, endowments have a spending rate of 4%. Approximately \$236,000 of appropriations from the board-designated endowments will be available within the next 12 months.

As of June 30, 2021, financial assets available within one year for general expenditure, such as administrative and fundraising expenses, were as follows:

Total financial assets	\$ 162,858,939
Less those unavailable for general expenditures within one year, due to:	
Donor imposed restrictions:	
Restricted by donor in perpetuity	(64,738,485)
Subject to appropriation and satisfaction of donor restrictions	(88,089,537)
Board-designated endowments	(5,158,237)
Total liabilities	<u>(1,286,224)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 3,586,456</u>

Note 6. Life Income Funds

The financial statements include assets and liabilities of charitable gift annuities and unitrust agreements for which the Foundation is the trustee. The grantors and/or beneficiaries retain future income interests in these assets until their death. These life income funds are recorded at fair value at the date of gift. Life income funds at June 30, 2021 and 2020 have asset balances of \$1,923,852 and \$1,509,744, respectively.

NC State Engineering Foundation, Inc.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

Note 6. Life Income Funds (continued)

The liabilities for distributions to the grantors and/or beneficiaries are computed using Internal Revenue Code annuity valuation tables, the distribution terms of the agreement, and the life expectancy of the beneficiaries, and totaled \$1,179,369 and \$1,010,003 at June 30, 2021 and 2020, respectively. Payments from these funds were \$124,673 and \$100,094 during the years ended June 30, 2021 and 2020, respectively. An unrestricted reserve account has been established in the Foundation's Charitable Gift Annuity ("CGA") pool to receive 10% from all new CGAs established in order to offset the liabilities for any annuities that reach exhaustion. The goal is to build the unrestricted reserve fund to equal 10% of the total value of the Foundation's CGA pool. As of June 30, 2021 and 2020, the CGA reserve balance was \$30,178 and \$26,093, respectively.

In addition to the above life income funds, the Foundation was named the recipient of an externally managed irrevocable trust in 2016 which represented irrevocable life income funds with a market value of \$89,735 and life income funds payable of \$47,645 as of June 30, 2020. As of June 30, 2020, the Foundation was not serving as trustee for these funds. These life income funds were reflected in the accompanying financial statements at fair value. Estimated future distributions to the beneficiaries were reflected in the accompanying financial statements and were computed using Internal Revenue Code annuity valuation tables, the distribution terms of the agreement, and the life expectancy of the beneficiaries. During fiscal year ended June 30, 2021, the Foundation took over trusteeship of this trust.

Note 7. Pledges Receivable

Pledges receivable consisted of the following at June 30:

	2021	2020
Receivable in less than one year	\$ 3,030,650	\$ 3,519,096
Receivable in one to five years	4,980,137	6,267,223
Receivable in greater than five years	602,500	1,130,000
Total pledges receivable, gross	8,613,287	10,916,319
Less allowance for uncollectible pledges	(431,000)	(546,000)
Less unamortized discount (discount rates of .07% to 1.23%)	(105,482)	(88,183)
Pledges receivable, net	\$ 8,076,805	\$ 10,282,136

An allowance for doubtful accounts has been established and is updated annually to reflect 5% of the Foundation's outstanding pledge balance. Active past due pledges receivable are reviewed twice yearly by the Advancement Services office in order to determine if it is appropriate to write off such pledges.

Two donors represented approximately \$3.2 million and \$3.6 million of the total undiscounted pledges receivable at June 30, 2021 and 2020, respectively.

Note 8. Donated Services, Salaries, and Facilities

Donated services in the amount of \$91,000 and \$125,000 for the years ended June 30, 2021 and 2020, respectively, have been reflected in the accompanying financial statements for services provided by the University Finance Division. In addition, donated salaries and facilities provided by the University for college development personnel in the amount of \$738,000 and \$656,000 for the years ended June 30, 2021 and 2020, respectively, have been reflected in the accompanying financial statements.

NC State Engineering Foundation, Inc.

Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020

Note 9. Net Assets With Donor Restrictions

Net assets with donor restrictions were available for the following purposes at June 30:

	<u>2021</u>	<u>2020</u>
Subject to expenditure for specified purpose:		
Scholarships and fellowships	\$ 3,661,757	\$ 3,887,408
Faculty support and professorships	1,040,888	980,305
Research support	4,459,988	4,086,493
Fitts-Woolard Hall Project Fund	862,690	13,986,045
Pledges receivable, net	7,847,884	9,850,780
Other	8,991,221	6,558,098
	<u>26,864,428</u>	<u>39,349,129</u>
Subject to passage of time:		
Beneficial interest in life insurance policies	44,801	44,704
Assets held under split-interest agreements, net	744,483	541,831
	<u>789,284</u>	<u>586,535</u>
Endowments:		
Subject to Foundation endowment spending policy and appropriation:		
Scholarships and fellowships	78,613,348	55,808,114
Faculty support and professorships	10,764,079	7,947,197
Research support	741,372	441,150
Pledges receivable, net	228,921	431,356
Other	35,294,753	26,411,408
	<u>125,642,473</u>	<u>91,039,225</u>
Total Net Assets With Donor Restrictions	<u>\$ 153,296,185</u>	<u>\$ 130,974,889</u>

The "Other" grouping includes amounts designated for general college support, general University support, capital support and funds with multiple purposes.

NC State Engineering Foundation, Inc.

**Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020**

Note 10. Net Assets Released From Donor Restrictions

Net assets were released from donor restrictions as restrictions were met via the passage of time or by incurring expenses satisfying the restricted purposes specified by donors as follows during the years ended June 30:

	2021	2020
Scholarships and fellowships	\$ 3,506,661	\$ 2,381,064
Faculty support and professorships	589,912	696,591
Departmental support	1,809,870	2,849,212
Capital support	15,185,609	21,619,892
Administrative and fundraising	621,774	797,885
	\$ 21,713,826	\$ 28,344,644

Note 11. Functional Expense

The Foundation's primary program is to provide financial support to the College of Engineering at NC State University. Expenses by functional classification for the year ended June 30, 2021 were as follows:

	Total Program Support	Supporting Activities		Total Support
		Administrative Support	Fundraising Support	
Grants	\$ 4,545,770	\$ -	\$ 676,433	\$ 5,222,203
Legal	-	-	8,125	8,125
Accounting	-	75,500	-	75,500
Advertising	52,202	-	3,266	55,468
Office Expenses	40,583	-	68,564	109,147
Occupancy	4,039	-	-	4,039
Travel	23,870	-	92	23,962
Conferences and Meetings	40,551	-	6,249	46,800

Contracted Services	34,251	-	2,604	36,855
Miscellaneous Services and Fees	1,514,703	143,000	692,036	2,349,739
Printing and Binding	61,968	-	93,514	155,482
Dues and Subscriptions	31,943	-	3,509	35,452
Supplies	436,259	-	11,684	447,943
Capital Transfers	21,863,393	-	-	21,863,393
Total	\$ 28,302,846	\$ 217,000	\$ 1,698,185	\$ 30,218,031

Grants includes scholarships, fellowships, and salary support. Miscellaneous Services and Fees includes donated salaries, services and facilities as well as University Advancement's portion of gift assessment fees. Capital Transfers includes payments for the Fitts-Woolard Hall.

Note 12. COVID-19

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 (COVID-19) outbreak a pandemic. The extent of COVID-19's effects on the Foundation's operational performance will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict considering the rapidly evolving landscape. As a result, it is not currently possible to ascertain the overall impact of COVID-19 on the Foundation's operations. However, the pandemic could have a material adverse effect on the Foundation's results of operations, financial condition and cash flows.

NC State Engineering Foundation, Inc.

Notes to Financial Statements
For the Years Ended June 30, 2021 and 2020

Note 13. Restatement of 2020 Financial Statements

As a result of an internal review of the Foundation's net asset classifications as of June 30, 2021, it was discovered that the Net Assets without Donor Restrictions was overstated and Net Assets with Donor Restrictions was understated by an equal and opposite amount. Accordingly, the Foundation restated its results for the year ended June 30, 2020. The effect of the restatement was as follows and had no effect on total net assets.

	Without Donor Restrictions	With Donor Restrictions	Total
Net assets, as previously presented:			
Without donor restrictions:			
Undesignated	\$ 3,163,602	\$ -	\$ 3,163,602
Board-designated endowments	3,079,014	-	3,079,014
With donor restrictions:			
Perpetual in nature	-	60,850,607	60,850,607
Purpose restricted	-	69,849,529	69,849,529
Total Net Assets	<u>6,242,616</u>	<u>130,700,136</u>	<u>136,942,752</u>
Restatements:			
Net assets, July 1, 2019	(295,052)	295,052	-
Net investment income	(17,796)	17,796	-
Net assets released from restrictions	9,720	(9,720)	-
Net transfers among funds	28,375	(28,375)	-
Net assets, as restated	<u>\$ 5,967,863</u>	<u>\$ 130,974,889</u>	<u>\$ 136,942,752</u>

Note 14. Subsequent Events

The Foundation has evaluated subsequent events through October 14, 2021, the date which the financial statements were available to be issued, and there were none to report.
